PROFESSIONAL EXPERIENCE

Acres Research

Director of Research II

Jakarta, Indonesia

June 2024 - Present

- Led a team of four analysts producing monthly research on emerging businesses, industries, economic policies, and macroeconomic developments across Indonesian and global markets
- Authored eight research reports, developing independent views on market developments and translating complex topics into accessible investment insights for a broad investor audience
- Co-developed two published research pieces with Simpan Asset Management's investment team, analysing equity valuation, factor investing, and active portfolio management strategies

Pertamina Retail

Project Support

Jakarta, Indonesia

August 2024 - December 2024

- Reconciled financial and operational data from four natural-gas refuelling stations, organising source data into standardised Excel templates for a fee-reasonableness assessment across 16 locations
- Developed company profiles and structured presentation decks for a 10-person project team, synthesising company and financial information for internal review

RESEARCH EXPERIENCE

Equity Research - Talen Energy Corporation (NASDAQ: TLN)

Independent Research

Remote, Indonesia

April 2026

- Generated a BUY recommendation with 28.4% implied upside by conducting fundamental research and constructing a blended valuation using DCF, EV/EBITDA, EV/CFO, and P/E comparables
- Normalised FY2025 financials for a \$501M non-cash charge, deriving adjusted EPS of \$6.17 to better assess underlying earnings

Investment Advisory Note - Jiwa Group (PT Luna Boga Narayan)

Independent Research

Remote, Indonesia

June 2026

- Analysed Jiwa Group's investment case through research on industry trends, competitive positioning, business segments, and peer performance, developing an independent view on its growth and profitability prospects
- Developed an investment thesis around portfolio optimisation and premium café expansion, identifying opportunities to streamline weaker F&B concepts and scale Janji Jiwa Culture as a higher-value growth platform

LEADERSHIP & AFFILIATIONS

SIS Investment Club

Curriculum Head

Jakarta, Indonesia

January 2025 - May 2025

- Designed six finance training sessions for 30+ members covering portfolio management, valuation, factor investing, and macroeconomics, translating independent research into structured teaching materials

Hopeful Hearts Indonesia

Founder

Jakarta, Indonesia

January 2024 - May 2025

- Established an English-literacy programme for 30 underserved children, coordinating 10 volunteers to deliver four two-hour sessions incorporating interactive games and hands-on activities
- Sustained the programme beyond the founding cohort by transferring its activities to a subsequent student cohort and distributing 30 English-language books to support continued learning
